THPFC Football Education

THPFC ensures that all of our coaching staff have the age/stage appropriate certification or licensing. As a whole, coaches and volunteers are encouraged to be lifelong learners and pursue further coaching knowledge to maximize everyone's learning and development in our environment. We also encourage all parents/guardians with children in our programs to participate in the age/stage appropriate workshops/courses for general knowledge. See below for a variety of resources for coaching education and certification.

Ontario Soccer- *Ontario Soccer resources on Certification and Licensing streams*
