Toronto High Park FC – Coaching Assignments Policy

Coaching Assignments

The Club will endeavor to rotate and expose the players to numerous coaches throughout their time at THPFC. The Club believes that this is the best policy for young players to grow and learn as soccer players.

- Coaches must switch teams after a term of two calendar years (October – September) with each THPFC team.
- Exceptions to this rule are made at the Club's discretion. External factors such as (but not exclusive to) league fixtures and scheduling, may determine that a coach has a longer stay with a team.
- We value the rights of our coaches to be able to move to new teams, without the pressure of parents urging them to continue with their current group.
- THPFC reserves the right to extend or shorten a coach's tenure with a team if staffing issues dictate a switch.
