THPFC Player Pairing Policy

Applies To: *All Toronto High Park FC (THPFC) recreational house league players, parents/guardians, coaches, volunteer team officials, and program staff. This policy applies to player roster formation, coach pairing requests, and team re-balancing within THPFC recreational programs. This policy also applies to all divisions where teams are created and managed by THPFC for the purpose of maintaining fair and competitive balance.*

Toronto High Park FC – Player Pairing Policy

House League (Recreational Play)

To ensure house league teams are reasonably competitive, the Toronto High Park FC uses the following criteria when setting team rosters:

- Age
- Skill level
- Potential goalkeepers
- Family relationships (siblings together unless informed otherwise)
- Parent volunteers
- Sponsor connections

Player Pairing

At THPFC, we are happy to offer player pairing opportunities so that friends in the same program may play and enjoy the game together as well as accommodate families with additional solutions to carpooling needs.

If you do not have specific circumstances which require a pairing, please consider NOT making a request. Many of the benefits of being on a new team are making new friends and teammates. Our first priority is to create balanced teams and this will supersede all requests where necessary.

Updated Date: July 2026
Approved By: THPFC Board of Directors

Requests are STRICTLY a 1-1 pairing opportunity where players involved must reciprocate requests.

Coach Pairing

We accept requests for up to two volunteer team officials to work together.

Team Re-Balancing

THPFC recognizes the requirement for competitive balance within its recreational programs, and reserves the right to reassign players to any other team (within the same division) at any time in order to foster competitive balance.
